Mr. William J. Casey
Director
Central Intelligence Agency
Washington, DC 20505

Dear Mr. Casey:

Thank you for allowing me the opportunity to take part in your orientation program for college and university officials on March 23. The proceedings that day were both enjoyable and enlightening. It was my first time being subjected to the Central Intelligence Agency and its interworkings within our governmental system. Becoming more acquainted with this area of government and the constituency it serves is quite useful. The coordination and comprehensiveness of the meeting scheduled on the 23rd evidenced a great deal of time and planning that had gone into these proceedings. The arrangements made for me were all exceptional down to the transportation from my hotel.

Mr. Casey, I express to you and your staff my appreciation for your willingness to make me and my colleagues in higher education aware of Central Intelligence Agency's function. If you are ever in the vicinity of the University of South Carolina, I hope you will call on me.

Sincerely,

James B. Holderman
